PASTOR HOME FROM CZECH-SLOVAK TOUR

Manitowoc—Rev. Francis Kolar, Reedsville, who was one of the party of seven that was sent to the new Czech-Slovak republic by the Catholic war work council to make a survey of conditions and assist there in the separation of the state and church, has returned to his home and has a wonderful story to tell of the prospects of the new republic and has also an abiding faith in the future of the new country. The principal purpose of the mission, which was composed of four clergymen and three newspaper men, was to tell the population of the new republic how the state and church work in the United States progressed even though separated.

In politics Father Kolar says that the newer element, represented by the People's Party, is gaining ground while the radical element, represented by the socialists, is rapidly losing. But, according to him, and while food is not plentiful the people are not starving. The worst drain at the present time on the young republic is the large standing army, which is necessitated by the uncertain boundaries and the generally unsettled condition of the country about them.

At the Presbyterian conference at Portage last week Rev. A. D. McKee was given the honor of Saturday Madison Presbyterian to the annual meeting of the General Assembly of the Presbyterian church, which convened at Philadelphia May 29.

Tuesday will be clean up day for Clinton. Have your rubbish ready either in boxes or barrels so the teams can haul it away.

Only a beast would have done it. A regular man, a gentleman, a what she called him. Can you imagine a gentleman beating another man into pulp on account of a girl? A girl he had never met before, at that—and then throwing her over his shoulder and running off with her? That's the interesting plot from which this picture was worked out. An entertaining drama of the west.

"To choose the best possible father for her children is a woman's right," she calmly told him

She—a wild flower reared in the forest by her hermit father. He—a man of the world, a cynic who, scorched in the fires of love, had come out smiling—and sneering at womankind.

"It's time you took charge of her," said her listening father to the religious fanatic beside him. The preacher was the leader of "The Shining Band," a sect devoted to keeping men and women apart

—the way this untought daughter of Eve worked her will with this man of the world is startlingly pictured in

LOCKLEAR the Daredevil of the skies

in the GREAT AIR ROBBERY

The most astounding drama ever conceived by the mind of man—in which, to save the woman he loves from a bandit of the sky, Locklear changes planes a mile in the air, climbs a frail rope ladder, and forces the pirate to surrender—all the time being not over fifty feet from you, who are in another aeroplane! If you miss this picture you'll miss the greatest thing that moving pictures have ever produced. Now playing.

A thriller in which the sky is the limit.

Paint Up

It is now the accepted Janlogan. It is heard on every hand and in every home. The campaigns, "clean up" and "paint up" has a double appeal. It appeals to one's pride and it appeals to one's pocket. Every small outlay of money transforms most any home into a beautiful place. It appeals to the eye and to the building and renders more inhabitable and more saleable. At \$50 or \$100 worth of paint and \$500 to \$1,000 in saleable value to any building. In the large business of buying old-fashioned structures and repainting them and then selling them at a big profit. It is the greatest beautifier beyond question. It is the best investment an owner can make.

Clean Up and Paint Up Timere Now at Hand

Everyone feels necessity of doing their Spring House Cleaning and replenish same with fresh paint and varnish and make things practically new. It not only saves your house or buildings, but aids in lightening work for everyone involved.

Our line of paint and varnishes consists of the highest grades made, which we know used properly, will give the best results.

A complete line of Chi-Namel carried in stock at all times. Refinish that old soft wood with Chi-Namel and you will have a hard-wood floor finish at nominal cost. If your automobile is in bad condition, try a little of our auto refinishing varnish and you will be astonished at the results.

Yes, we'd pick this paint for your house!

Indeed, we would! If you come to us and say, "What paint is the best for my house?" you'll get just one answer, "Du Pont Paints!"

Reason is simply that we know that Du Pont Paints are the best of the 400 makes of paint that are sold in this country. We have sold a lot of them here to people who were painting everything from entire houses to Kiddie Cars, and they carry the name of a great industrial concern that has always been associated with the biggest and best enterprises in the country, a concern that couldn't afford to have its name on any but a superior product.

When we sell paints to you, we have to be sure that you, our customer, are going to get the best there is. We want your trade next year, too. And we'll tell you frankly there isn't any better paint than Du Pont. We have a FULL line here.

Save the surface and you save all!

HURDLE RECORD BROKEN AT PENN

Bradley, Kansas, Captures Pen-
tahalon; British Star
Outrun.

Philadelphia, May 1.—Crowning of Bradley of Kansas as greatest all-around track and field athlete of American colleges this year, the feat of the English collecting entry in the only event in which the invader took part and the setting of a new world's record for the 440-yard hurdle race were the big features of the first day of the great Penn relay meet.

The meet began with clear skies and a fast track, but the day ended in a heavy rain.

Bradley won the undergraduate Pentathlon, his victory over Bartels of Pennsylvania being one of the sensational upsets of the day. Bradley scored 13 points. Bartels, who won the Pentathlon in 1918, finished second with 16. Hamilton of the University of California, was fourth. Bradley performed consistently, although he did not win one of the five events which make up the Pentathlon. He was second in the broad jump, javelin throw and 200-meter race; third in the discus throw, and fourth in the 500-meter run.

Kendallman Defeated.

A. E. Montague of Oxford, said to be one of the greatest distance runners produced in England in recent years was the only member of the invading British team to compete. He finished second in the three-mile race, forty yards behind Nottingham's John Hamilton. The New Hampshire State University star, who ran the three miles in 14:58. They were neck and neck until the last quarter of the race, when a reporter left that the Britisher could not equal.

Capt. P. G. D. Rudd of the Oxford "Cambridge" relay team did not start the 440-yard hurdle race, in which he was entered. It is extremely doubtful, however, if he could have won it, as J. M. Watt, the Cornell entry, captured the race in 54 1/5 seconds, a new world's record, two-fifths of a second under the mark held since 1904 by William Hillman of the New York Athletic Club.

Forecast Fair Weather

Although the heavy rain which marked the last half of the opening three days continued throughout the night, the forecast was for fair weather today and it was hoped that when the games started the cloudburst and field will have dried out sufficiently to make possible expected record breaking performances.

Interests centered in the two mile college relay championship of America in which the Oxford-Cambridge runners met the fastest half mile in the United States. Among them was the Iowa State quartet, which covered the distance within one fifth of a second of the world's record last Saturday at Des Moines.

Other big features were the one mile and four mile relay championships.

The day's program also included college freshmen preparatory and high school championships, college class relay races and high and preparatory school class relays.

Among the field events were the pole vault, broad jump, shot put, high jump, javelin and discus throw.

MILTON COLLEGE LOSES BALL GAME TO MILWAUKEE, 6-5

[By Gazette Correspondent.]
Milton, Wis., May 1.—Milton college lost her first scheduled game on this home ground to Thursday to the Milwaukee school of engineering, 6-5. Milton was handicapped by the absence of Captain Kakuske, who was attending the funeral of a relative.

Milton outbatted the engineers two to one but errors at critical times caused the defeat. Sayre, Oakley and Curtis made doubles.

Batteries: Milton—Lanphere and Randolph; Milwaukee—Kochanek and Brackett.

Milton will meet St. John's military academy here next Wednesday at 3 o'clock.

ALL STARS BATTLE JR. FAIRIES TOMORROW

The All-Stars are set for the opening game Sunday when they battle the Junior Fairies of Beloit. Game starts at 2 at the diamond.

Manager Fallon of the Fairies has a full bunch of youngsters. Fallon will probably switch to a "dark horse," Reddy held the Stars to five hits last week.

The All-Stars will have a large pitching staff out when a major league will be given an opportunity to show their wares. "Poke" Grassall will probably start the game, with Don Duwoven, George Crowley and Charlie Wick in reserve. For catchers the Stars will have "Dimples" Crowley and Steve Stevens. Stevens has been suffering from a bad knee.

Beloit All-Stars: Stevens, C.; Hogan, G.; Grassall, C.; Cassidy, P.; Reedy, P.; Fullerton, P.; Wright, P.; McGilley, P.; Paschke, P.; Babcock, P.; Harrod, P.; Zahn, P.; Amstutz, P.; Gerth, P.

Fight Decisions

Saginaw—Johnny Mendelsohn, Milwaukee, defeated Bobby Ward, St. Paul, in ten rounds.

Toledo—Carl Tremaine of Cleveland, knocked out Frankie Malone of Ft. Wayne, Ind., in the first round.

New York—Sherman Hall, N. Y. A. C. retained the national foil championship and captured the sabers title.

As You Were

By BUCK.
Of the Stars and Stripes A. E. F.

PLEASE!

If a friend of mine is ever elected. To some high office in this fair land. I trust that I shall not be neglected. When he lives out jobs with a grateful hand.

I'll tell him then in utmost verity. Couching in a phrase of perfect clarity. I won't be an Envy Extraordinary. For it's perfectly plain that I can't afford to be dry.

Palaces across the seas. But of all the work that fate could wish on you. I'll indicate, I'll indicate. And end my life in ease!

And if this friend (we're only supposing) Were the kind of a friend that he ought to be. I am sure that he'd see that I was chosen.

To a place of honor quite worthy of me. I won't take a job as Surgeon-General. Nor a cabinet berth that average men are all.

After, nor what our leisure class adore; Posts, I mean, like Foreign Ambassador. Their work is dull and dry. But if you want to put me in heaven

You'd better make me Inspector of Internal Revenue. So let me live and die! From the latest news from Europe, says ex-Sergt. SOL, it looks as though France and England wanted to get

the man's whisk at Germany just to prove that they could have done it without the United States after all.

MORE OPEN COVENANTS AND THINGS
The League of Nations is now in a dubiety as to whether it is going to censor the news, it seems.

This announcement came as a pleasant surprise to a great many people who were afraid that the news of the regular fortnightly invasions, revolutions and punitive expeditions now playing in all the leading European theaters of war, were about to be crowded off the front page with the startling announcements of the Big Three or the Little

But we'll probably have a lot of fine, expensive cablegrams telling all about the scenery along the Italian Riviera anyway.

BALLOTS OR BULLETS
Evidently Estrada Cabrera hasn't learned much from 22 years of hereditary presidency. He determined that if you want to win a Central American election you've got to tell it to the Marines.

IN PRAISE OF GALLOPING DOMINOES
I do not care for exercise. I find that reading hurts my eyes. And constant walking often lames me.

But I could spend both day and night At sidewalk golf! It's a disease! But loping cubes are my delight. I love the romping ivory!

BEAUTIFUL SCENERY
West Point and Annapolis won the war for the United States, says the New York Sun. To which list of charming towns we might add the Riviera, Versailles, and other leave centers.

COBB AND RUTH FAIL TO HIT THE HIGHS NEW HEAVY SWATTERS
Chicago, May 1.—Joe Jackson, Chicago outfielder, leads American league batters with an average of .489. He made this mark in eight games, in 29 times at bat, and cracked out 15 hits, according to averages, including Wednesday's games. Johnson, Cleveland, is second with .462, secured in 19 games. And Hendryx, Boston, with .432 is third.

Cobb, the Detroit star, last year's batting champion, has not found his batting eye, although he had participated in 10 games. He has hit at bat 27 times, making only a best at an average of .185.

Ruth, New York, the slugger who last season established the world's record with 54 home runs, is also this season. He has played six games, before an injury received during practice forced him to retire for a while.

In the five hits he collected, only one was for an extra base. It was a double, Orthogames, Williams, St. Louis, .428; Walcott, Boston, .414; C. Walker, Philadelphia, .410; Weaver, Chicago, .408; Collins, Chicago, .400; Speaker, Cleveland, .378; Scott, Boston, .366; Slater, St. Louis, .344.

C. Walker has batted two home runs and Roth, Washington, has stolen six bases.

Nicholson Leads National.
Nicholson, Pittsburgh, tops the batting of the National league with an average of .600 made in five games. He has been playing at pinch hitter and in five times at bat has made good three times. Kilgus, Brooklyn, in a like number of games, is hitting .500. He has made six hits in 12 times at bat. Hornsby, St. Louis, with .468 made in 11 games.

Rough, batting last season, is batting only .215 for 10 games. Other leaders are: Philadelphia, .441; Z. Wheat, Brooklyn, .417; Daubert, Cincinnati, .378; Fick, Boston, .375; Bancroft, Philadelphia, .361; Groh, Cincinnati, .351.

Max Carey, Pittsburgh, has a flying start among the base stealers, having pilfered five bases.

Yank Shooters Sail For Europe June 23
New York, May 1.—The American Olympic trapshooting team will sail from Boston June 23 for Liverpool. The early sailing will give the team ample time to practice for the British championships July 15 to 17, in which the Americans will compete before proceeding to Antwerp.

SHARON HIGH SWAMPS CLINTON SCHOOL, 34-5
Clinton, May 1.—Sharon high school baseball team played the local high Wednesday afternoon, the score being 34 to 5 in favor of Sharon.

BOXER DIES AFTER BLOW ON CHIN

Boston, Mass., May 1.—John R. Murray, a professional boxer who was knocked out in a bout with Dave Powers of Maiden last night, died in a hospital today. Powers was arrested on the charge of manslaughter but the court discharged him with the statement that the death was obviously an accident. Murray went down in the tenth round from a blow to the chin.

In Wisconsin

Stevens Point.—Normal school seniors from Wisconsin, Iowa, Kansas, Illinois, and Missouri are coming to Stevens Point to compete for foreign honors in the inter-state contest May 7. One speaker will represent each of the five states, being the winner of the normal school contest in his respective state. Wisconsin's representative is a student at the Platteville school.

Sheboygan.—The Sheboygan Housing company has taken out building permits for 25 houses. The total cost for carpentry and mason work which the permits cover is \$88,400.

Sheboygan.—William Mueller, pioneer resident of Sheboygan, was found dead in bed by his wife. The coroner determined death due to a heart stroke. He was 74 years old.

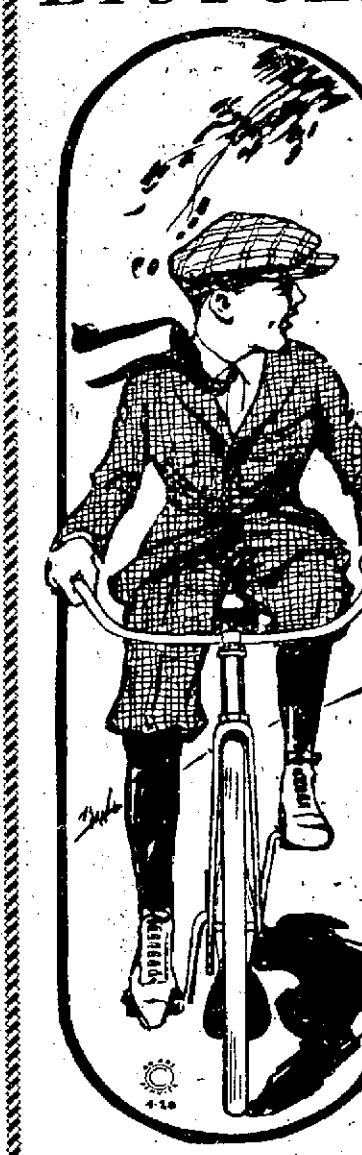

Manitowish.—Mrs. Philippina Pankrat, wife of the late Ex-Mayor George Pankrat, died at her home here at the advanced age of 80 years.

Manitowish.—Adam Reineck lost the left earlobe while attending an auction sale at the farm of his son-in-law. A vicious stallion snapped at the man's face and tore the earlobe off.

Manitowish.—Revenue officers in a "still" hunt for stills here during the past week have failed to locate a single one. Their visit here is the result of reports that local "still" hunters were meeting with some success.

Don Chaire.—All members of the police and fire department here have been granted a flat increase of \$100 a year to their salaries.

OLYMPICS AT HARMONY TOMORROW AFTERNOON

Janesville Olympics open the season tomorrow afternoon when they travel to Harmony to play the fast La Prairie team. Hager and Hennings will form the battery for the Olympians. Henry and Raetke for Harmony.

While Hager has been at Detroit all week, he will be back today and be ready for the battle tomorrow.

Olympic lineup—G. Anderson, ss; Lezow, 1b; Captain Meyer, 2b; Raetke, 3b; Graft, 1f; Hermann, cf; U. Anderson, rf.

The team and friends will leave at 1:45 by truck from the Corn Exchange.

Confab on Golf Rules Starts at New York

New York, May 1.—Railroad presidents, heads of great corporations,

TEENIES AND GIANTS PLAY TOMORROW

Second game of the series between the Teenie Weenies and Spring Brook Giants will be played tomorrow afternoon at Samson diamond. Eastern avenue, at 2 o'clock. Captain J. Jaeger will lead for the Giants with Bill Zahn behind the bat, while Miller or E. Clark will pitch for the Teenies with McGill at catch.

The Giants have four new men, the Teenies two. The Teenies are trying to book a game with a Beloit nine.

SWEDES WIN ICE EVENTS ON POINTS, U. S. TIES FOR THIRD

Antwerp, April 30.—The first series of events in the seventh Olympic closed last night with the presentation of diplomas to point winners and of commemorative medallions to all competitors in the skating and hockey contests. The Olympic gold, silver and bronze medals are to be presented when completed through the various embassies. The Swedish team was much surprised at last night by the Czech-Slovak team, but are the winners in the ice events on points with a total of 8 points. Norway is second with 6 points, while the United States, Canada and Finland are tied for third place. The Americans will leave Antwerp tomorrow.

Clean Up—Paint Up—May 3 to 6.

There's always room at the top for highest possible quality at lowest possible price

Well-bred and a good-looker

That's Spur. The kindest, gentlest, most likeable cigarette that ever was bred from the world's best.

Everybody wants to move behind a winner. They're taking to Spurs like a check from home.

Spur Cigarettes, at 20 for 20c—colors brown and silver—are leaving the field behind.

Blended from American and imported tobaccos, in a new way that brings out that good old tobacco taste. Crimped, too—not pasted—making a slower-burning, easier-drawing cigarette.

Smoke a Spur. Get that good tobacco-ness that's bred into it. Say it yourself: "They win."

Ligarettes

SPUR Cigarettes

Buick

Preference for Buick Valve-in-Head motor cars becomes more pronounced each season—and this favoritism shown by the motor car purchaser of today has taxed the Buick factory's production to the limit.

Thousands are contented to await their turn in Buick deliveries—for Buick performance, quality, service and economy has completely won their confidence.

The five hundred thousand Buick cars now in daily operation are making Buick history. Their efficiency, faithfulness and value have established this fact in the minds of the world—"there is no substitute" for Buick Valve-in-Head quality and service.

"I Can't Breathe in a Little Room!"

Have you ever said that? Here is a house planned for a fifty-foot lot. But note the big rooms. The architect's genius has made it possible to build a big, spacious, roomy home on a small lot.

By the use of built-in features in every possible place, the result is a surprising amount of open room.

The exterior of this dwelling is most impressive and will gain in effectiveness by comparison with neighboring houses in the best localities.

The merchants on this page will cooperate with you in every way possible—They will take care of your home problems—and are ready to serve you at all times.

SHEETROCK WALL BOARD

What Sheetrock Wall Board is and How It Is Used

SHEETROCK WALL BOARD is a strong, uniform sheet of Gypsum wall plaster, accurately moulded and covered on both sides with attractive pearl-gray paper, specially made and sized. The boards are made in 32 and 48-inch widths and in various lengths up to 10 feet.

WON'T WARP—Sheetrock is not warped out of shape by alternating dry and damp seasons, but when nailed in place, it remains flat and smooth, presenting a pleasing appearance at all times. Sheetrock, therefore, overcomes one of the greatest objections to pulp or fibre wall boards, which soon warp, shrink, bulge and lose their attractiveness.

WON'T BURN—Gypsum is the most fire resistive building material known, and, as Sheetrock is composed of gypsum, it is a real protection in case of fire. Test a sample. The ordinary wall board can be ignited with one match.

SHEETROCK WALL BOARD can be papered, painted, paneled or left plain. Ask for a sample and a copy of the beautifully illustrated Sheetrock Book.

To the People of Janesville:

I wish the people of Janesville, particularly the customers of the New Gas Light Company, to know the conditions, which forced us to petition the Wisconsin Railroad Commission to increase the price of gas.

In 1910 the price was reduced to the following:
 \$1.30 per thousand for the first 2,000 cubic feet
 \$1.15 per thousand for the next 3,000 cubic feet
 \$1.00 per thousand for all in excess of 5,000 cubic feet.

This rate continued in force until the beginning of 1917, when the Railroad Commission allowed us to add 10c per thousand cubic feet, at which rate gas is now being sold.

In 1910 the following materials cost on our siding:
 Coke.....\$ 4.95 per ton
 Coal 2.80 per ton
 Oil 2.72 cents per gallon.

Under our new contracts for the remainder of this year of 1920 the prices will be

Coke.....\$15.00 per ton
 Coal 4.80 per ton
 Oil 11.314 cents per gallon.

This is an increase in the cost of:
 Coke of.....203%
 Coal of..... 70%
 Oil of.....316%

During the same period wages have increased from 100% to 162%.

Owing to our ability, up to last year, to keep production capacity sufficient to meet the demand, by making minor changes at the plant; and by cutting overhead expenses to a minimum, the cost of 1,000 cubic feet of gas, delivered to your burner, will increase only 67%. To meet this increased cost of 67% we are asking for an increase in rate over that of 1910 of 46%. This includes the 7.7% allowed by the Commission in 1917 as a surcharge of 10c per thousand.

At the present price of gas, we face a loss by the end of December 1920 of \$15,000.00 to \$20,000.00.

The sudden growth of this City and the corresponding increase in the amount of gas required makes our present plant inadequate to meet the demand.

Several hundred thousand dollars must be invested before the required service can be assured. Our present financial condition makes it impossible for us to secure the funds needed. The strongest industries in this country are today offering their securities at terms, which will net the investor from 7½% to 8%. A margin over these rates must be earned to pay for operation.

We are, therefore, asking for the following rates:

First 2,000 cubic feet\$1.90 net,
 Next 3,000 cubic feet 1.75 net
 All exceeding 5,000 cubic feet 1.60 net

Only operation under the constantly advancing costs of today will show whether this price will produce a condition, which will enable us to secure the needed funds.

The only condition, which will induce capital to invest in any enterprise, is the assurance of a return commensurate with the hazards peculiar to the particular business, in which the investment is made.

Unless such adequate return is made possible for this Company, the City of Janesville faces grave danger of an interruption and possible failure of its gas supply in the near future. This statement is made in no spirit of threat, but only with an honest purpose of placing before you the actual conditions.

To prove their good faith in this matter, the stockholders of the New Gas Light Company agree to pay no dividends until our plant is in condition to meet satisfactorily the increased demand immediately facing us, thus assuring you that the profits, made under the increased rate, will be reinvested for the purpose of meeting the needs of our growing City.

I had looked forward to the time, when the growth of our City and the consequent increase in the amount of gas used, would enable me to reduce its price materially.

It is with a keen feeling of personal disappointment that I find myself forced by the constantly mounting costs of all commodities, entering into this Company's product, to ask for an increase instead of decrease. I hope that I am well enough known in this community to have you believe me when I say that the life of my Company and its ability to serve you satisfactorily depends upon my securing the increase asked for.

I. F. WORTENDYKE,
Manager.
